VMARSmanuals. The VMARS Archive: VMARS have decided to make their entire collection of E-manuals available to the world - free and downloadable without passwords. This will take a while however. Meanwhile a catalogue of what is available now may be obtained by clicking on the links below.

VMARSmanuals

The MARS must be grounded. In the event of an electrical short circuit, grounding reduces the risk of electric shock by providing an escape wire for electric current. This instrument is equipped with a cord having a grounding wire with a grounding plug. The plug must be plugged into an outlet that is properly installed and grounded.

Operation Manual

Mars Heat Sink: The Mars heat sink is an optimal solution to cool the Mars AX3 - it's low profile (less than 7 mm tall) and covers the whole module surface. It comes with a gap pad for the FPGA and four screws to attach it to the module PCB. With additional user configured gap pads, it is possible to cool other components on board as well.

Enclustra FPGA Solutions | Mars AX3

The Mars 4 has a 3-inch eye relief, and can be mounted using 30 mm mounting rings. ATN has provided two standard rings and one L shape ring. The L shape ring is for those instances when you need extra eye relief for certain rifles.
