## **Risk Society Towards A New**

Ulrich Beck argues that industrial society that used to be known as the distribution of goods has now been moved toward distributions of risk and hazard named as risk society. In other words in the advanced modern world, the social production of wealth systematically goes hand in hand with social production of risks.

Risikogesellschaft was published in English as Risk Society: Towards a New Modernity in 1992. The ecological crisis is central to this social analysis of the contemporary period. Beck argued that environmental risks had become the predominant product, not just an unpleasant, manageable side-effect, of industrial society.

Whereas in earlier class-based societies only the proletariat was victimized, in the emerging worldwide risk society all groups - even the rich - are threatened...He makes the important point that risk and class positions overlap on a national and an international scale...Risk Society is a bold and imaginative treatise...vivid passages and sparkling metaphors...scholars, graduate students and patient general readers concerned with risk, social theory, or global social change will find ...

## **Risk Society | SAGE Publications Ltd**

These new risks require society to reconfigure itself to deal with them; thus society is reflexive in terms of risk management. This reflexivity includes the development of new fields of study, new institutions (such as the Society for Risk Analysis or the Canadian Risk and Hazards Network), and new risk management professions such as disaster and emergency management.
