Daniel Miller Things make us just as much as we make things. And yet, unlike the study of languages or places, there is no discipline devoted to the study of material things. This book shows why it is time to acknowledge and confront this neglect and how much we can learn from focusing our attention on stuff.

Stuff | Daniel Miller | download

Stuff Daniel Miller (born in 1954) is an anthropologist who is closely associated with studies of human relationships to things and the consequences of consumption. His theoretical work was first developed in Material Culture and Mass Consumption and is summarised more recently in his book Stuff.

Daniel Miller (anthropologist) - Wikipedia

DANIEL Miller could not have chosen a more unremarkable title for his book. Miller started declaring his reticence or even refusal to define "stuff," except to say that it was about "things." He reasoned that "stuff works just fine." While Miller might have his reasons for choosing his
