Successful Trading The key is to buy when the market signals the start of a bull trend.

Select leading stocks that are outperforming the market. Sell when the bull trend has ended. There are exceptions to this rule: Sell individual stocks if they move against the trend.

What is the secret to forex trading success? Is it the trading strategy or is it risk management?

Well, all of these are important... But what I think the real secret is this: doing the exact opposite of what most traders do.
